Bring an accessory or an item of clothing from the old days that matches the theme!!

Rumor has it in the Pays-d'en Haut, all along the route of the little train from the north. It is said that very close to the 117 there is a beautiful village, hidden between the mountains, a village formerly called Saint-Jovite. Near this village, we find the BPA Tremblant, located in the crevice between Lake Maskinongé and the Devil's River. This summer, the inhabitants of a Saint-Jovite of yesteryear will come to meet us. These are faced with a big problem: the Yabe family (do you know them? They are so hateful!) are trying to disturb the quiet peace of the village. Together, let's go back in time and rock into the Quebec folk imagination. Characters landed from the past will need our help throughout the summer to solve problems in the village and also stop the diabolical plans of the Yabe.
